

■ How to Read Your eBook (EPUB Guide)

Reading your eBook is quick, simple, and works on almost any device! All our eBooks are provided in EPUB format — the world's most widely supported eBook standard.

■ On Your Computer (Windows or Mac)

- Download and install Adobe Digital Editions (Free) from the official Adobe website: <https://www.adobe.com/solutions/ebook/digital-editions/download.html>
- Open the program and go to File → Add to Library...
- Select your EPUB file and start reading instantly!

■ On iPhone or iPad (Apple Devices)

- Use the built-in Apple Books app.
- Email or upload your EPUB file to iCloud Drive or Dropbox.
- Open the file on your device and choose “Open in Books.”
- The book will appear automatically in your Apple Books library.

■ On Android Phones or Tablets

- Use a free app like Google Play Books or Aldiko.
- Install your preferred app from the Google Play Store.
- Locate your downloaded EPUB file (usually in the Downloads folder).
- Tap the file and choose “Open with” → your reading app.

■ On Kindle Devices

- Log in to your Amazon account and go to Content & Devices → Preferences → Personal Document Settings.
- Find your Send-to-Kindle email address.
- Email the EPUB file as an attachment to that address.
- Open your Kindle (connected to Wi-Fi) — your eBook will appear automatically.
